

Academic and Careers Vice-President

Hi! I'm El, I'm a third year classicist from London and the JCR's Academic and Careers Vice-President. This means I'm in charge of career events, work with the library, and represent the Brasenose JCR in academic matters. I'm also responsible for all things democratic in the JCR – everything from elections to referendums to motions getting passed in meetings – basically, every time you vote on something, it's my job. Feel free to come to me if you have any questions or concerns about academic matters (collections etc.) or anything else!
