

WOMEN'S REP AT BRASENOSE

And stuff to look forward to!

I'm Lily, your JCR Women*'s Officer, and I'm in charge of Brasenose FemSoc and all things women*s related. My job is to promote gender equality in college and generally represent the interests of women, non-binary, and feminine-identifying people at Brasenose.

My Role

As well as organising FemSoc events, my role involves working alongside the lovely Welfare reps as a port of call in instances of sexual assault or harassment, and signposting you all to resources and events around Oxford pertaining to the rights, protection, equality of all genders. I manage the Brasenose menstrual products system, which includes product deliveries and reimbursements.

Freshers' Week

I also run the Consent Workshops, which are compulsory to attend in Freshers' Week. These are really important for my overall goal of maintaining the happiness, safety, and comfort of everyone in college, and my committee put a lot of effort into ensuring the success of these workshops. I will be around in Freshers' Week, including as a Bop Angel, so feel free to approach me with any queries or questions you may have – or send me an email or DM as I'm always happy to chat!

Stay Tuned

Our FemSoc here at Brasenose is so wonderful, and my committee and I are excited to provide you guys with some great events this year! We organised some really fun and well-attended events last year, including film nights, arts and crafts, charity drink mixers, discussions of feminist issues, and the legendary International Women*'s Day formal dinner. And there is so much more to come!!

I can't wait to meet you all in Freshers' Week! :)
